

WHAT'S THE PROGRAM?

The NPIER playbook is the Navy's guide to performance improvement, offering a variety of methodologies that are ready for use. Whether you've been around for 20 years or 20 minutes, this online NPIER playbook can help you tackle any problem set that comes your way. In this digital toolkit, students will have access to the DMAIC process, all 14 tools that make up the NPIER Playbook, Stale Chips recommended learning, deep-dive articles, and more.

WHAT MAKES IT EASY?

This course is designed with the warfighter in mind to be highly engaging, simple to follow, and self-supported. It comes with physical & digital resources such as templates, articles, and module cards. Check out a sneak-peek below!
